# President's Address

## D ear Students and Friends of Vancouver College

Vancouver College has been on an improvement track since its founding 82 years ago. The story of Vancouver College is a narrative filled with the lives of thousands of young men, each one of which is a full story in himself. Individually and communally we are a succession of stories all sharing in the same plot of growth and development. Each boy's story comes alive and has deeper meaning in the nurturing school environment, which is our Vancouver College 'Faith and Learning Community'. By the Grace of God and our good efforts, our Pursuit of Excellence - in our studies, in our activities and in our relationships - will make us better people. We stand on the shoulders of giants who went before us. Our Strength of Tradition contributes mightily to our Pursuit of Excellence in the Vancouver College of today.

The introduction of the President-Principal Model at Vancouver College and the launching of our \$15,000,000.00 Capital Campaign are two recent

chapters in the Vancouver College story. My new role as President has been a steep learning curve which has been made less daunting by the educational leadership of our new Principal, Mr. David Hardy. Our Capital Campaign "Strength of Tradition - Pursuit of Excellence" is well on its way to achieving its minimum goal of \$10,000,000.00. I salute the generosity and the demonstrated support of our benefactors. The story of Vancouver College charges into a bright future because men and women, parents and alumni, have stepped forward with equal sacrifice and have made financial pledges in support of a just cause, built on the strength of a living tradition.

We give praise and thanks to God that our story continues. Through the intercession of Blessed Edmund Rice, may we be ever faithful to the Essential Elements of Catholic Education at Vancouver College and thus help each other grow in wisdom and in grace.

**Semper Fidelis!**

# Principal's Address

**"I have come to know that Vancouver College is indeed a special place. It is a diverse community with many stories..."**

**Dear Gentlemen of Vancouver College,**

I feel truly honoured to have the opportunity to bring greetings and to speak to you through this wonderful yearbook. One thousand stories, the theme of this year's yearbook is an excellent foundation to chronicle the journey experienced by members of this faith and learning community. The Collegion Yearbook 2004 is itself a wonderful story - a story of hard work, of accomplishment, of dedication, for service, of faith, and very clearly a story about the commitment to excellence of the senior editors, Ian Wang, Gregory Aarons, Robert Nisperos, Ryan Leo and Zane Chu, and of course, our staff advisor, Mrs. Jennifer McKnight. To all of you, on behalf of the Vancouver College Community, I would like to extend sincere thanks for your outstanding service and work.

Indeed the Mission Statement of this faith and learning community is based upon the commitment to provide today's Christian young men with educational experiences which will lead to the development of the whole person - culturally, emotionally, intellectually, physically,

socially, and in particular, spiritually. All aspects of these developments are evident in the Collegion 2004.

One thousand stories is a particularly meaningful theme for me personally. In my first year at Vancouver College a major challenge was to come to know the story of Vancouver College and the stories of the boys of Vancouver College.

I have come to know that Vancouver College is indeed a special place. It is a diverse community with many stories and special because of the strength of tradition and the pursuit of excellence. But mostly it is special because of the young men and their families who have made a choice for Catholic education in the tradition of Blessed Edmund Rice at Vancouver College.

To the boys of the elementary school your joy and innocence and love of learning, your smiles and love of life bring joy and inspire hope to our entire community. Thank you for your story of joy and hope.

Our middle school boys approach all they do with vitality and enthusiasm. They energize our school and help us build community. Thank you for your story of open ears and hospitable minds.

Our senior school boys are our leaders. Your story is one of poise, respect, responsibility and service. Thank you for that story and thank you for being outstanding role models for the elementary and middle school boys.

To our graduating seniors of 2004, on behalf of the faculty and staff, I would like to extend heartfelt congratulations. Your accomplishments here at Vancouver College have been many. Much of your story has been chronicled in your accomplishments academically, socially, athletically and spiritually. This chapter in your story has ended. The future awaits. Through your experience at Vancouver College, through the community you have experienced, through the lessons you have learned, through your deepened faith life, you are well prepared to go forward to meet all challenges that await you.

As we continue our journey in Catholic education at Vancouver College, we know the work of making the Word come alive for the next generation is our heritage. This service is rooted in a personal responsibility to God, but also to the Catholic community of the Archdiocese of Vancouver and that this opportunity is permanent and important. And so, as we look back on 2004, we also move forward boldly and confidently, secure in the knowledge that Providence is our Inheritance as we continue the Pursuit of Excellence.

Semper Fidelis.

Mr. Dove Hardy, Principal

# Board of Directors

**A**s Chairman of the Board of Directors at Vancouver College, I have the honour to serve with fifteen men and women who give their time and expertise in service to our school community. Directors are selected from among the alumni, the parents and the community at large and appointed by the Trustees of Vancouver College. The Board is responsible for developing and maintaining the policy for the educational direction of the

President-Principal model of management in which the executive leadership responsibilities were split between Brother Anthony Murphy, who as President has responsibility for financial administration, fundraising, personnel and external relations, and Mr. David Hardy, who as Principal, the first non-Brother Principal, is the Chief Education Officer responsible for school operations.

The Board is also actively supporting the work of the

extend to each of our graduating students my sincere best wishes for all God's graces and blessings in all your future endeavours. I encourage you to remember our motto, "*semper fideles*", and to remain loyal to the Christian values you learned while attending Vancouver College. You are part of an ever-expanding fraternity of Vancouver College Alumni.

To all remaining students and their families, enjoy your years of growth as part of this

school and it ensures that the school is managed effectively in a manner consistent with that policy.

This year the Board recognized the significant increase in management workload that results from the need to raise funds and to plan for the rejuvenation of our campus. The Board implemented the

Vancouver College Millennium Foundation to raise funds for the renewal and invigoration of our learning environment and the reduction of the debt that resulted from the settlement of the legal challenge in 2002. We are committed to success.

On behalf of my colleagues on the Board of Directors, I

# Parent Association

## Working together for our boys...

On behalf of all parents, I extend my sincerest congratulations to each of our Graduates of 2004 and, their parents who have supported and encouraged their sons to attain their full potential!

The Vancouver College Parents' Association supports and promotes a Catholic Education for the students of Vancouver College by encouraging participation in school activities by all families, facilitating cooperation and dialogue within the school community, by raising funds for the school and by promoting and assisting with charitable activities outside the school by which students can put Catholic Faith into action.

This year the Parents Association focused on increased communications to parents through the Finnegan File and more meetings while at the same time building on our ongoing activities. Parents continue to be active participants in the life of the school, contributing in excess of 20,000 volunteer hours in a wide variety of areas, including parking patrol, fundraising,

classroom and administrative support.

The school community at Vancouver College is richer for the involvement of so many parents, and on behalf of your parents' executive, I extend my thanks to all parents who joined together to make Vancouver College a better learning environment for our sons. Through the dedication and perseverance of our parents, we were able to accomplish our goals. Our fundraising efforts this year have resulted in excess of \$100,000 for the school, which will be used to provide much needed items such as computers, textbooks, classroom upgrades, sports equipment and fine arts supplies for the benefit of our sons and the school.

To our graduates, remember "You can go anywhere from here". It is now up to you!

### The Storyteller

*A bend in the road is not the end of the road unless we fail to make the turn.*

I have always believed that the most effective educators are often the greatest storytellers. It is with and through those stories that we are able to reveal more clearly and discover more deeply where we have been, what we have done and, of course, who we really are. Equally compelling is the belief that when we become more aware of each other's stories, we develop a much healthier understanding, appreciation and respect for one another. Vancouver College certainly boasts a much heralded storied past filled with chapter upon chapter of outstanding achievements, noteworthy milestones, and quality relationships. I see a tremendous value in looking back at where we have been and realizing how far we have

come. In the midst of an ever-changing environment, we understand that a bend in the road is not the end of the road unless we fail to make the turn. We must continue to meet all of the demands and challenges of educating youth in the 21st century proactively and progressively with the pride of a favorable past and the confidence for continued success in the future. With the arrival of a new principal and a new administrative structure, we look toward a new era of Catholic education at Vancouver College. We move forward with the anticipation of being living characters in the next chapter of what we truly believe will be a continued and never-ending story of outstanding accomplishments permeated in every way with faith, hope and love... truly a best seller!

## Middle School - Mr. Mich DesLauriers

The Yearbook 2004 theme "We all have a story to tell" fits in so well with our present Vancouver College community and, in particular with the Middle School. Our largest group of new students each year are in Gr. 8. Their freshness and unique "stories" add more flavor to our special community. Everyone loves to hear a story because they can relate to it in their own way. Each and every student and staff member has their own story. At Vancouver College those stories are recognized, honored, and respected. Throughout the halls of our school, the many pictures, trophies, and plaques speak volumes of all the people who have embraced Vancouver College into their own story. The one picture

that stands out for me is the Blessed Edmund Rice icon which depicts so many aspects of this man's life. Despite his many challenges throughout his life, Edmund stayed true to his convictions and made a significant difference in so many people's lives. That is what I see as our challenge. To make a difference every day and adding to the richness of our own stories.

### Stories are heard

*Each and every student and staff member has their own story.*

## Elementary- Mrs. Barbara Seppelt

Each person has their own story.

I am forever in awe who make commitments and never give up. The elementary school is filled with such dedication and enthusiasm. They have never let anything get in the way of their dream to participate, to have fun, and to build community. I look forward to watching their story unfold as they travel through Vancouver College.

For the graduates, whose journey is coming to an end at Vancouver College, I would like to wish them all the best of faith, hope and love, as they leave our school community.

It is exciting and a little unnerving as you leave a place that you have called home for so many years, some as many as thirteen years. Habits and comfort are hard to change, but as you go out into new schools, jobs and opportunities, remember what you have learned here at Vancouver College. While God is a part of all our lives we need to welcome Him and build a relationship with Him in order to be strong in the good times and in the difficult times. We ask God to guide each and every one of you as you make decisions that will affect the rest of your lives. Choose well, and remember to be ever faithful. This will be your story.

## Stories from...

### ◀ Mr. Jim Bell

Mr. Bell writes:

Some time ago, I decided to create a catharsis for myself by writing a novel. It was published. My story is within those pages. "Too often we remain silent, keeping the contents of our hearts hidden or shielded for fear of being hurt or of getting too close. Yet, we are poorer in doing so." At times I questioned the wisdom of these words, but now realize they are true.

### Ms. Tricia Marcotte ▶

Last summer, Miss Marcotte had the opportunity to fulfill one of her lifelong goals. She spent five weeks exploring Europe, visiting places such as the Eiffel Tower and attending Mass in St. Peter's Basilica. Despite the wonderful experiences and sights in Europe, she was continually reminded of how lucky she is to live in a country like Canada. "I was in the Swiss Alps," she says, "but nothing compares to the views we wake up to every day here in Vancouver." She will never forget her amazing trip, but will also never take home for granted.

### ◀ Mr. Bill Batista

Mr. Batista used to work from 7am to 7pm at VC, and would have dinner with the "boarders" (for \$1 per day). As a result of the long hours he spent at VC, many people thought he was actually one of the Brothers, since only the Brothers were found in the school at those times of the day. One year in the late 70s, to his surprise, he found a plaque on his doorcloset (by the cafeteria) with his name as "Brother B. Batista." Perhaps the staff in the office thought that he was a brother due to his "Brotherly" behaviour. He still has this plaque as a souvenir.

## Their Famous Quotes

## stories through time...

**W**e are a thousand stories; each individual has his or her own unique story. Our school community also has its own stories passed on through traditions. When we come together in the presence of one another, we find that we share in a common story: the human story. Our story has been known since the beginning of the universe, when the cosmic dance began. In our ascent from the lowliest animals, we have developed and grown in our rationality and spirituality. By the time of Adam and Eve, we have found that we are free, yet we are fallible.

Our story is a testament to our lives. As children, we discover a new world of experiences.

We are curious and carefree - we are only beginning to realize our story. In the years that follow, with new relationships and experiences, we face pain, hardship, struggle and defeat. Through it, we understand freedom and triumph; we balance reason and passion. And that is what the rest of our life holds: failure and redemption.

Our story is one of contradiction. It is one of light and one of darkness. It is one of construction and one of destruction. It is one of order and one of chaos. It is one of friend and one of enemy. It is one of faith and one of doubt. It is one of life and one of death. It is one of reality and one of dreams. It is one of success and one of failure.

In our contradictions, we are shown to be beings capable of a higher purpose. But too often we fail. Too often we are marginalized. Too often we are alienated. We strive to achieve this higher purpose, yet we stumble and fall. And in the cycles of history, our story repeats over and over, in every member of the human race.

We who are spiritual beings experience a powerful Presence as our story unfolds. We are challenged by this Presence to bring balance and harmony to our contradictions. We are challenged to bring light to those in darkness. We are challenged to love our neighbour as ourselves. We are challenged to desire a kingdom of peace and justice and to build this kingdom within our

realm of existence. We are challenged to be Presence ourselves, so that those who fail, those who are marginalized and those who are alienated may experience hope. As we experience the Presence of the Christ, we are challenged to create a new cycle of history, and we are called to live in the Light of His Resurrection.

And thus we envision our story in its entirety from beginning to end. Our thousand stories are one story: the human story of failure and redemption. Each of us is part of this story. Collectively, we are truly *one thousand stories*

But now, this is what the Lord says-  
 he who created you,  
 he who formed you,  
 "Fear not, for I have redeemed you;  
 I have called you by name; you are mine.  
 When you pass through the waters,  
 I will be with you;  
 and when you pass through the rivers,  
 they will not sweep over you.  
 When you walk through the fire,  
 you will not be burned;  
 the flames will not set you ablaze.  
 For I am the Lord, your God.  
 Since you are precious in my sight,  
 and because I love you, I say to you:  
 Do not be afraid, for I am with you;  
 I will bring your children from the east  
 and gather you from the west.  
 I will say to the north, 'Give them up'  
 and to the south, 'Do not hold them back.'  
 Bring my sons from afar and my daughters  
 from the ends of the earth-  
 everyone who is called by my name,  
 whom I created for my glory,  
 whom I formed and made."

Since I've been at VC, I've been through times of joy and times of sadness. But in order to get through them I've had my friends and family right by my side. Thanks to WCCMRLAF and Wes for being my closest friend. I'd also like to thank my parents for putting up with me throughout the years. If you didn't insult me as often I wouldn't be sure if you still love me! Lastly to Kiera: You have been my inspiration and reason to keep going.  
"C'est la vie mes amis."

Ulrich Anglas

Wow, these last four years have been some of the hardest years of my life and some of the fastest years too, but it is finally done. I'd like to thank my Mom and Dad for helping me through these tough years at V.C. as well as everyone else in my family and the rest of you that have helped me out through the years and see ya.

Anthony James Aldaba

Graduating already? My constant trust and faith in God has kept me going these past 13 years of my education, but especially these past 5 years at VC. To my parents, thank you for all the support and love! To koy, surf side six, oh the yolk thing! To JAT, where did all the time go at Tom Lees? RevWon, RLC, WYD 2002, and football are all great memories. And finally, to all in YFC! Remember in 10 years... we will all bow!

Kevin Carlos Dee Baldwinson

Five incredibly short years have passed by, and there is one word to sum it all up: unforgettable. To my whole family-thank you all for never letting go of your support. To all my friends, especially rebz, dan, zanax, pete - thank you all for making days at school so much easier to bear. Stef thank you so much for standing beside me. I love you no matter what. Teachers - thank you for being so encouraging. Now it is time to drop our books, and pick up heavier ones. "This is kebz, signing out..."

Earl Martin Alikpala

Thirteen years ago, I entered Vancouver College as a little boy with much to learn. Now, after all these years, I have become a better man. This change could not have happened without the lessons from teachers, the guidance from coaches, the memories from friends, the infinite support of my mom, dad, and sister, and the blessings from God. For these, I am thankful. Now it is time to move on. Semper Fi. "We are what we repeatedly do. Excellence, then, is not an act, but a habit."

It's been five years and I never thought I would be sad to be leaving VC. I would like to thank my Family, my friends, and all those people who helped me through the harsh reality of VC - especially to the B-Man, and do Cannon. Good luck to all the grads of 2004.

Simon Beckett

Wow! Thirteen years gone and I remember walking these hallways for the first time like it was yesterday. The past years may have been rough, but they will never be forgotten. I would like to thank my Mom, Dad, and my brothers who supported me in every way. Thanks to my friends, JC WT IC UA PB NN KJ KH MF BM CJ CN, for all the good times we've had. Thanks to my teachers for their help and support. It's true, leaving VC makes us better men. "Knowledge speaks, but wisdom listens."-Jimi Hendrix

Stephon Ameerali

Wow! I can't believe my years of high school are almost over. Two years ago, I arrived at V.C. not really wanting to come; now, I leave not really wanting to go. It has been an interesting two years for me at V.C., full of ups and downs. I'd like to thank God for giving me everything He's given me, and my family for always supporting me in whatever I do; I love you. To all the boys in purple and gold, GO IRISH!! "Keep your head up; even if the road is rough, never give up."

Thank you God, Mom, Dad, family, and friends... you know who you are. Good luck to all, it's been fun.

Phil Bourgeois

Finally! It seems as though it takes forever to get to this point. But, looking back upon it all it feels as though school just blew by and I wish I could go back and do it all over again. Too many people to thank here, but first and foremost I have to thank my dad for seeing me through every step of my life so far. To the teachers and all my friends, thanks for being there and supporting me through the tough times and the good ones. Good luck and best wishes to all the grads!

During my five years of VC, I've gained a lot of knowledge and self-confidence. My artistic and musical skills have evolved tremendously thanks to classes such as jazz and concert band, as well as art. Those early morning band practices were worth it, Mr. Olson! Band trips were great, too! Many thanks to my Mum, Grandma & Grandpa Cannon, and friends for their support and encouragement. "The noblest pleasure is the joy of understanding." - Leonardo Da Vinci.

Jared Boyd

It seems like yesterday I was walking into my first class in Gr.8. I'd like to thank by parents for paying my tuition, and to the teachers that made learning enjoyable: Mr Burke, Mr Trepanier, Mr Isaac, Mr Devenport. Sports, soccer, rowing. LOD Not. Champs. All the good times with friends: JP RJ SE AR JC DJ IG MT RD AD OB JC GS RJ LM. All the girls and parties. Riding in the Lincoln and Barb No 2 RD DQ I'll never forget the times we've had. Always remember if you're gonna do it, do it right. "Party On"-Wayne's World

Beau Caza

All my thanks go to my family, for their unconditional love and support which have given me the strength and determination to make myself who I am today. Many thanks go to Mitch and his family who've taken me in as one of their own. Without them, I wouldn't have been able to finish my last year as a Fighting Irish. To the guys: Mitch, Warren and Brian who've been best of friends and Dosh when he come along. Thanks to everyone who's been a friend. "Be yourself and watch what you become."

I want to thank my family, my teachers, and my friends for being in my life during my time at VC.

Jamie Bull

Some times have been tough, but most have been easy. Some games have been lost, but most have been won. It's been a great time. I will remember basketball trips and football playoffs, and all the hard work that got us there. Summers in the weight room, winters in the gym; I don't regret a second. Thanks to everyone - my friends and family, my teachers and coaches, and my teammates. Special thanks to Coaches Bennett and Tog. I leave a better man. "If you're going through hell, keep going."

James Bradley Chan

Finally! High school is over. First off I would like to thank my parents Patrick and Angie and my 2 sisters Michelle and Steph and all my relatives for being there for me throughout my life. For all my friends at VC and all my skateboard buddies on TBC and not on, skateboarding, lady friends, herbal essences, music, TV, movies, food, bed, holidays, Arnold Schwarzenegger, Conado and anyone else or thing I forgot to mention. Five years ago, I came here, lost and unknown to a sea of people. I leave here now, in the same way. My time at VC has been permeated with periods of sorrow and regret, but largely, I've had a good time. I will never forget the friends I've made and although my time here has been short, the memories will always be a part of me.

James Demello

Well, I guess this is growing up. I feel as if it's the last day of summer, and I've been left out in the cold with no door to get back in. As we stray our separate ways, we'll all miss the times we took for granted. I've spent the last five years at Vancouver College, and now my time here has inevitably come to an end. Special thanks to Mom and Dad, lifelong friends, and the St. Joe's crew. Best of times spent causing in Richmond with good guys. I'll see you all in ten years.

It is hard to believe that I have been at Vancouver College for 13 years now. The last 13 years have certainly had their moments - fun ones, wonderful ones, educational ones, and perhaps most memorable, "interesting" ones. Many thanks to all the people who have helped me throughout the years: teachers, family, friends, and other supporters; you have all played an important role in establishing who I am now and who I will become as I progress through the next stages of my life.

Todd Easterbrook

My time here at VC has certainly passed quickly. I would like to thank God first and foremost, for all the gifts He has given me, my family for their constant love and support, and my friends for all the good times we have shared. Basketball has been my life for the past five years; thanks coach Tag for all your time and dedication. Good luck to you all and God bless!

VC is a great place for opportunity. No matter where or when I needed help or support, someone was always there to lend a helping hand. If it were not for my boys JS DC MR PC etc. I couldn't have gotten through high school. If my mom, dad, sister, aunts or any of my family didn't push themselves to get me to school every morning, half of my years spent at VC would've been sleeping. With all the support from the staff, students, family, and friends, I'm on my own road to success.

Jacob J. Dueckman

I've only been at VC for 2 years, but they've been the best 2 years of my life. I didn't know that school could feel so much like a family. I'd like to thank my Mom, Dad, my little brother Trevar and my whole family who give me support in everything thing I do, also thanks to God because without Him I'd not be where I'm today. I'd also like to thank Mr. Bennett and all of the football coaching staff, football was a blast. To all the guys I'm going to miss you. Best of luck to the grads of 2004!

Matthew Fenrich

I would like to thank my Mom and God who have loved me unconditionally for my 18 years on this planet. Michael and Julia thanks for always being there. I would also like to thank Mr.D for giving me another chance. Coaches Mr.B, Kaz and Cov, you have all made me a better person. It's hard to believe after so many years, my life at VC is finally over. No words can express my appreciation for the many people who have been at my side through these years: Mom, Dad, bro, sis, Mr/Mrs Bennett, Kaz, the Football Family, Mr. D., Br. Conti, teachers and friends. I'll never forget my years in high school: Encounter, yearbook, football, weightroom, Gr 4&5, Physics Olympics, math, ski trips & spares. Now I'm prepared to face the challenges before me. "The harder you work, the harder it is to surrender." -Lambardi

Kelvin Chit Chung Lam

Five years of hard work paid off in the end. I'd like to thank my parents for their support throughout my life and God for guiding me through rough times. Also, a big thanks to my friends and those who've stuck by me, helping to shape me into the person I am today. Thanks to all my teachers who've taught me many life lessons. My memories at VC will not be forgotten. Peace Out and good luck to the grads of 2k4!

Yo, guys! It's me, professor! Time flies so fast and it is my second year in VC. Thank you to all the teachers who have taught me especially Mrs. Field. Also, thanks to my friends, BL, AF, TW, HY, PL, AL, KW, I, PF, ZY, EL....

Peter Lau

The end of my exciting and worthwhile 5 years experience in VC is just the beginning of a whole new chapter in the challenging journey of life. I want to thank God, my family and friends for their continual support. Thank you to all the teachers who helped me to develop tenacity, fortitude, and courage. I hope the Grads 2004 use their erudition to achieve the acme of their success. Good luck and have fun to all in the future.

There are many memorable moments that I will never forget while studying at VC. I would like to take this opportunity to say thanks to my parents for their endless love and support. I would also like to thank my teachers and many of my friends, especially AF, AL, B-B, BM, ES, HY, IW, JH, KW, PL, TN, for their help and encouragement along the way. FM's: Film Club (lal), CC club, bball, Encounter 37. With special regards and memories, I am wishing all the grads of 2004 a fulfilling future.

I remember good, old VC. It hasn't changed a bit since I left. There are a lot of new faces but it can only get better. I would like to thank the people who have helped me grow and mature over the years. My family has always been there; my friends and teachers as well. To the grads, good luck and Godspeed. "It is a thousand times better to have common sense without education than to have education without common sense."

I'd like to start off by thanking my family and friends: MM, KB, TD, MT. I've had many great experiences at this school and I won't soon forget them. Thanks to all the teachers who gave me advice and encouraged me to improve. If this school had less rules and more girls it would be flawless.

Carlos McCallister

have been a student at VC for 13 years and in that time I have learned many things and made many friendships. I thank the school, my family and friends for giving me a life that I'm proud of. I especially like to thank my Mom and friends Ryan, Beto, Peter S, Rolf, Chris, Anthony A, Baron, Conrad and others. As we finish school we must get beyond textbooks, go out into the byways and untrodden depths of the wilderness, travel, explore, and tell the world the glories of our journey.

Terence Anthony Ng

I never thought this day would come after 11 years, but here I am. I would never have made it this far without God and without the constant support and inspiration from my friends and family. Thank you.

Look back at my time here and I wonder where it all went. Each day goes by with painful slowness, but then in the end it seems like no time at all. First and foremost I want to thank my parents, if it weren't for them I wouldn't have made it this far. To the rest of you, it's been a scream. I'm living with some of the greatest memories of my life. To all teachers I've had, thank you. You got me through this life. That's all I've got to say about that...it's time we blew the Popsicle stand.

Robert Conrad Nisperos

The years at VC have been great. To my family: I love you all. To the ES and the boys of the bus. Great rides, guys! To the hallway crew: What's for homework? To my friends: WT: Stop phoning me! BW: Have a coke and a smile! JC: Two words: Carl Orf. PW: the pencil case is a weapon. ED: We feast. GA: Bad boys for life. Time's up. My years at Vancouver College have expired and so ends one chapter and begins another in the story I call my life. There are things that can't be learned in books, and during my 4 years, I have discovered many of them. I thank all those who have helped guide me through my journey including God, my family, and my closest friends: they deserve much more than any writeup could offer. First and foremost I would like to thank my family for always being there. My teachers have been great in keeping me alive and I have made some great friends. I have had mixed emotions over the past 5 years I have attended this school, but in the end... I am happy. Through all the early morning wake-ups, long bus rides home and everything in between; I am relieved I got through it all. Now it's time to start a new chapter in my life. Good luck to all grads!

"What lies behind us and what lies before us are small matters compared to what lies within us." What lies behind me is the great time I have had at VC. What lies before me? Well, I don't know where I am going to be next year-it does not matter. But what lies within me is a unique perspective on the world that I could only acquire as a member of this faith and learning community. For this, I am a better man. Finally, to my family, my friends, the teachers and faculty of VC, and God - thank you for everything.

Well that went by fast. VC was good to me through thick and thin. I want to thank my family and friends for all their help and support; without them, school would have seemed impossible. Graduation was fun, as will the times awaiting me. Thank you everyone for everything.

Lumberto Santa-Maria-Watson

My 2 years at VC have been great, lots of fun, good memories, loads of valuable lessons, and most importantly many good friends. Since I came to Canada, VC has been my second home; can't believe it's over. I'd like to thank God for all the opportunities He has given me. To my Ma, Pa, Pablo and Ana, to all my Friends and teachers, thanks for all their support and for always being there for me. Viva Mexico Co...!

Alex Stradiotti

Thank you Mom and Dad, without you I would not be here today. I would like to thank my coaches you have all shown me values I will hold for the rest of my life. Thanks to my friends, AR thanks to you (4th). I believe that if you take something too seriously you will get no joy out of it, so have fun when you can. As Vince Lombardi said, "The difference between a successful person and others is not a lack of strength, not a lack of knowledge, but rather a lack of will." I leave VC a better man.

Grade 12, the beginning of our end: an end that once seemed so far away. However, time was swift and here I am. Time flies when you're having fun, so they say, so I must thank those who helped me get through these years with a smile on my face. My parents and two brothers: my shoulders when weak. Friends: Ryan, Beto, Ralf, Kevin, Jamie and good old Carlitos. For all the times we've had and those still to come; thanks. Now, like the phoenix, the old must come to an end for the new to begin.

Gary Schoenhaar

Wow. The past five years have just flown on by. You'd expect me to have one decent picture out of all of them, but never happened. First and foremost, I would like to congratulate all of the grads this year and wish them the best of luck down whichever path life decides to lead them. Thank you Mom and Dad, friends that have come and gone, VR - without you I am lost, family, and everyone who has shown me love and support. For all of the good times we've had, I am truly grateful. Take it easy-

Edrick Joshua Ngo Sy

Since this is my final year in Vancouver College, I wish to give thanks for what the school has helped me accomplish. I would like to give a shout out to all my pals; you guys know who you are. The years we spent together will always be remembered. I have two special mentions: to the guys who took the bus with me since grade eight until grade eleven (sorry taking the car is more comfortable) and to the guys I play cards with. I really enjoyed all the laughs we had together. Live and enjoy life.

I have been questioned several times about transferring during my last year of high school, and I haven't regretted it a bit. Athletic-wise it has been a bit disappointing this year, but certainly it has been memorable. Thanks to my parents and God for their support and faith. This year wouldn't have been as fun if it weren't for J. Lam, thanks dude and of course Phil, Wil, Kel and Ja. At last it is our turn to leave and move on to university. Good Luck guys and thanks for the unforgettable times.

Matt Traher

My time at Vancouver College has been more than memorable. I've made a number of great friends, and met some amazing people. From hanging out at Mexi to weekend parties, times have been good. Shout outs to all my friends. Thanks to the staff, parents, and all the students for making high school what it has been these past five years. Good luck to everyone, and rock on. ## Stanzas of the Soul

On a dark night,  
Kindled in love with yearnings  
- oh, happy chance!  
I went forth without being observed,  
My house being now at rest.

In darkness and secure,  
By the secret ladder, disguised  
- oh, happy chance!  
In darkness and in concealment,  
My house being now at rest.

In the happy night, In secret,  
when none saw me,  
Nor I beheld aught,  
Without light or guide,  
save that which burned in my heart.

This light guided me  
More surely than the light of noonday  
To the place where he (well I knew who)  
was awaiting me  
- A place where none appeared.

Oh, night that guided me,  
Oh, night more lovely than the dawn,  
Oh, night that joined Beloved with lover,  
Lover transformed in the Beloved!

I remained, lost in oblivion;  
My face I reclined on the Beloved.  
All ceased and I abandoned myself,  
Leaving my cares forgotten among the lilies.

It was sad to leave the retreat, but as we left, we took what we learned and brought it back to share. Our story is in progress. It is not stuck between a rock and a hard place. Rather it is continual motion, for we are moving forward in time, forward in space. Our experiences grow day by day, hour by hour, second by second. We are the dreamers of our stories, yet we have the power to realize the dream. We are the epitome of the carefree days of youth. This is the integral trait of our character. We are future in the present. We know that we are on the journey. We are constantly prepared and lectured about our future. Whether it is exams, or getting a job, the future is always emphasized. We are always trying to follow our own path, wherever it may lead. We are independent. We are without border or limit, for the world is ours. We are taught to be responsible, respectful, and global citizens who will be stewards of the earth. We, being the future, hold that future in our hands. Ultimately, we will decide the outcome of the story.

# *grade sevens and eights*

## A little about grade eights

- Describe how you felt on the first day of school here at Vancouver College. What were your emotions?

- "At first, I was a little uneasy on the first day of school but I found many interesting and funny friends! I didn't know what to expect but when I got here, I found out very quick that I belong here." - Anonymous

- "I felt really good. All the teachers were very nice and everyone was very friendly!" - Vernon Ip

- In Grade 8, the three most favoured subjects are:

- 1) English
- 2) P.E.
- 3) X-Block on Friday

## A little about grade sevens

How do you feel being a Middle School Student now at Vancouver College?

- 1) "I feel great because we are not boxed in by as many rules as elementary!" - Eric Gustavson
- 2) "I feel privileged, however it does feel weird being in a different class other than my friends." - Joseph Walia
- 3) "The people at VC are very welcoming although sometimes I feel sad because I'm not in my old school anymore." - Anonymous grade 7 student

What is one thing you would like to change about your school year so far here at Vancouver College?

- 1) "The one thing I would like to change so far is to make the desks bigger!" - Jeffrey Li
- 2) "I wouldn't want to change anything because it has been great!" - Harrison Mair

Our story is just beginning. The first chapter is being written. The first step is being taken. This is the dawn of our lives. We are inquisitive explorers engaged in a process of discovery. Everything in life is new, exciting, and colourful. We readily enter the world since we are filled to the brim with vivacity and youthfulness. Our curiosity is being frequently fed to our satisfaction as each day brings new experiences, new knowledge, and new adventures. Although the harrowing trek down the path of life is teeming with challenges, we willingly attempt to reach for the glories of success. Like learning to walk, we are prone to falling, but we have the confidence to get back up and stand up tall. Memories are built in our heads, surroundings shape our very beings, and ambitions instill our lives forever. Every picture drawn, every step taken, and every word written, contributes to our fairytale. Our dreams begin now.

# Supporting the School

The Parents of Vancouver College contribute to the success of each school year. First and foremost, they raise the excellent boys that attend Vancouver College. Moreover, they are seen helping whenever and wherever they are needed. From supporting their sons on the sidelines during Football games, to working the long Thursday night before Mayfair; from gatherings at the Finnegan Ball or the Mother's

Coffee Party to helping out at the Open House or directing traffic on weekday mornings, the parents are involved in almost every facet of College life. They certainly make VC the Catholic community that it is. The work of the Vancouver College Parents often goes unappreciated - the Yearbook staff would like to use these pages to pay special tribute to our wonderful and loving parents.

One of the many parents of Vancouver College donates his time doing parking patrol in the early morning.

THANKS FOR ALL THAT YOU DO!!!

YOU MEAN THE WORLD TO US!!!

WE LOVE YOU MOM AND DAD!!!

## **The Spirit of Tradition The Pursuit of Excellence**

Lord God, all our time, talents and treasures come from you loving hand. We praise you for our lives and for the love we share in our Vancouver College Faith and Learning Community. You have given us the Graces to face our challenges and to continue the work of establishing we have undertaken as part of that work. May the stewardship of the resources we have all recieved lead to the renewal of our campus and the invigoration of our pursuit of excellence in the tradition of Blessed Emund Rice. Through his intercession may our efforts enrich the lives of our boys with solid learning, healthy growth, and a vibrant faith in You and in Your Son, Jesus Christ. May Jesus, our Brother, continue to bless us in our lives and in your ministry to others.

Amen

## **Vancouver College Millennium Foundation Up and Running**

In April, 2003 the Vancouver College Millennium Foundatin was incorporated under the Society Act of British Columbia with its sole purpose to raise funds for the benefit of Vancouver College. Working closely with Community Counseling Services (CCS) the Foundation has undertaken a Capital Campaign with the inital goal to raise \$10 million. The Foundation, quite separate and distinct from the school, has five Members (a similar function to the Trustee structure of Vancouver College Limited) including the Archbishop of Vancouver, and four past parents of Vancouver College, Mrs. Marilu Mayuga, Mr. Jim Wingham, Mrs. Sharon Federal and Mr. Jim Clarke. The role of the Members is one of oversight and they have responsibility for appointing individuals to the Board of the Foundation.

At present, the Board consists of Dr. Tony Holler (a parent and President of ID Biomedical Ltd.), Mr. William O'Brien (an alumnus and financial consultant in the real estate industry), Mr. Paul Chisholm (a parent and President of Internal Fault Detector Corporation), Mr. Barrie Smthe(a parent and Chairman of Craigmont Mines Ltd.), Mr. Cornel Dukowski (an alumnus, past parent and a Director of EasyPark Ltd.), Mr. Jeffrey Lowe (the Foundations solicitor and partner in the law firm of Richards Buell Sutton and Mr. Bruce Jagger (a past parent and current Executive Director of the Foundation).

The Capital Campaign is currently working on the Leadership and Major phases and we plan to move into the Parent's phase early in the Spring.

# Capital Campaign

*The backbone of the Fighting Irish...*

Vancouver College began a two-year capital campaign to meet a minimum goal of \$10 million. Through no fault of its own, Vancouver College became involved in a legal suit that was settled out of court for \$16.3 million. The purpose of the campaign is to pay half of the debt incurred with the settlement, and make academic facility improvements. Additional monies beyond \$10 will be used to build a multi-purpose building that would house gymnasium and performance arts center. The campaign is being coordinated by Community Counselling Service Co., LLC, (CCS) an international company that specializes in capital campaigns and public relations. Ed Clark is the resident campaign coordinator for CCS.

### About the Team

Irish starts included multi-talented quarterback Shea Emry and tailback Brad Robles; their quickness and playmaking ability is known across the province. Joining that dynamic duo on the provincial all-star team were receiver Aaran Hargreaves, left tackle Matt Sroka, and safety Edgardo Pinillos. The success of these stars, however, was only an indication of the remarkable talents that are

presented in the Irish team. Also, this group of young men was, truly, a team. The undeniable character of many individuals combined to create a team that fought together with heart and passion. This is the team that came within one point of the eventual provincial champion Saint Thomas More Knights.

# IRISH AT ITS BEST

## THE VARSITY FOOTBALL TEAM

This year's Fighting Irish Varsity Football Team did not fail to carry on the tradition of excellence that Vancouver College is known for. The season was short but exciting. Led by the dedication and passion of Coach Todd Bennett, the VC team was talented and explosive. Five offensive starters re-

made men out of the VC boys. Coach Kozikowski and all of the assistant coaches, as well as trainer Rick Gazzola also deserve recognition. While the team did not achieve its ultimate goal, valuable lessons were learned by all, and the graduating seniors will now burst out into the world full of

turned to spearhead the Irish attack, and Coach Rob Kozikowski's defense, composed of a potent combination of young talent and experienced ability, was equally formidable. The result was an Irish team that was feared throughout the province.

Thanks is due to Coach Bennett, whose off-season training program allowed the team to improve its strength, speed, confidence and camaraderie, whose football acumen contributed to on-field success, and whose example

confidence and ability. The incumbent grade 11 players will continue to carry the tradition that Vancouver College is known for.

# PROVINCIAL CHAMPS!

## THE JUNIOR VARSITY FOOTBALL TEAM

This certainly was a banner year for the Irish Junior Varsity Football Team. The season had both a strong beginning and conclusion, with brilliant performances throughout. This spectacular season

Corea, the speed of runningbacks Oscar Tapia and Kimlong Nguyen, and the skills of receiver Nigel Palma, the offensive line was certainly in excellent hands. Defense too, was extraordinary. Led

**"This banner year for JV football fulfills a spirit of tradition..."**

only included one loss, early in the season to St. Thomas More. Twelve wins and a Championship Victory more than cover this single blemish on the record of the team. With the many years of experience of Head Coach Ten Hon Choo, and Assistant Coach Joe Burke, there was no question that this team would experience much success this year. It was definitely a team effort that enabled the team to achieve to the level it did. With the talent of quarterback Cameron

by Alvin Tejuco, Ricky Bal, Trey Henderson and Louis Kour, defense was indeed a force to be reckoned with. At the Provincial Finals, BC Place truly became VC Place, as the JV's decimated Holy Cross's Crusaders. This banner year for JV football fulfills the spirit of tradition and pursuit of excellence that Vancouver College stands for.

## THE GRADE 8 FOOTBALL TEAM

The Grade 8 Football Team at Vancouver College had an excellent season. The season started when the grass at Montgomery Field was parched and the temperature was in the high 20s. But it ended with snow at the championship game.

the regular season, the team played well with many wins and only one loss. The team went all the way to the provincial finals, but lost a valiant battle. Nevertheless, the team was extremely pleased with the season and the fact that

**"a close-knit group of friends... nearly inseparable by the end of the season."**  
— Tom Curran

This change in weather mirrored the change and growth of the football team from a group of individuals who barely knew each other to a close-knit group of friends, some of whom were near inseparable by the end of the season. In the pre-season, the team lost an early game to Handsworth, but gained valuable experience put to use in an exciting two point win against them later in the playoffs. During

they made it all the way to the finals. Much thanks to Coach Day, and all the assistant coaches.

- Tom Curran

# The Football Provincial All-stars

**SHEA EMRY**

**12**

Another 5-year man, Emry has constantly displayed his physical talents on the field. He has started at the quarterback position since grade 10 and has improved at the position every year. Shea earned a full ride football scholarship to the University of Eastern Washington.

**BRAD ROBLES**

**12**

Despite his small stature, Brad Robles is one of the most feared running backs in the province. He uses his remarkable quickness and surprising strength to befuddle many would-be tacklers.

**AARON HARGREAVES**

**12**

On his first year playing varsity football, Aaron has been a primary target at the wide receiver position. He missed one year due to his dedication to baseball but in his return year, he posted 724 yards on 41 receptions.

**EDGARDO PINILLOS**

**11**

A 4-year man, Edgardo Pinillos was an essential part of the Irish defense playing at a difficult defensive back position. He also participated at wide receiver position during the year.

**MATT SROKA**

**11**

Matthew Sroka, a 4-year man, is a hard worker and solid blocker for the team's o-line. At 6'3, 240 pounds, he is an imposing figure to any defensive linemen. He fought for a starting position on the line, and won.

# Senior Athletes

THE BEST OF THE BEST...

These athletes are the best of the best in their respective Varsity Sports. They serve as an inspiration for all of their teammates, and for their fellow classmates. With their hard-work and dedication they certainly are role models for everyone.

## JAMIE BULL

Jamie Bull is one of two Irish seniors to participate in both football and basketball. In football he plays tight end, and in basketball played forward as co-captain, with his 6'5 height.

## IKER GOMEZ GOROZTIETA

Iker Gomez-Goroztieta is a diversified and talented athlete. He won gold at the World Rowing Championships in 2003 with fellow teammate Joe Perkins. Iker also plays on the football team as a runningback.

## ROB JOSUE

Rob Josue is co-captain of the Varsity Basketball team. He plays both point and shooting guard and has an impeccable shooting touch.

## ALEX STRADIOTTI

Alex Stradiotti's considerable size and athletic ability allow him to excel on the football field and on the wrestling mat. He has participated in both sports for several years.

## WARREN JACOBS

Warren brings American-style intensity to the line-backer position on the Varsity Football Team. He is a highly respected member of the team, and thus has been named a captain.

# TACKLING THE CHALLENGES

## The Wrestling Team

In 2004, the Vancouver College Wrestling Team made substantial progress towards growth and development. Making steps towards re-building the team, coupled with the hard work of the dedicated, returning seniors, the team battled hard both on and off the mat throughout the season. Excelling both athletically and academically, the team placed 8th in the province out of over 100 schools, further establishing Vancouver College as a renowned school in all athletic fields. Although not recognized as a spectator sport, these athletes shed blood, sweat and tears daily for the love of the game in their strive for success and respect. For in this sport there are no cuts; those who cannot endure the pain and agony simply cut themselves. If you think you are tough, step on the mat.

## VARSITY BASKETBALL

# It's Game Time

"True to its name. The Fighting Irish."

- Coach Tagulao

### COACH'S CORNER

The road to success was less than smooth. Adversity was faced, particularly during a disheartening Christmas Break losing streak. After this loss, two paths were presented to the team: it could fall into disarray and despair, or it could fight to recover in time to challenge its powerful rival, the St. George's Saints. True to its name, the Fighting Irish chose the latter path. The team pulled together after a tournament in Vernon, and proceeded to win thirteen of its remaining sixteen games.

### Court Vision:

The 2003-04 season, despite its premature end, was a successful one for the Varsity team. It achieved to its maximum potential and its members learnt first hand of the oft clichéd values of hard work and determination. No one in attendance that night will soon forget the display of heart and emotion put on by these thirteen men in their defeat of St. George's. While, in this case, David did not defeat Goliath, he at least dealt the giant a powerful blow. That memorable blow, and this memorable team, made the school proud. Special thanks go to Coach Jon Tagulao, whose spirit and dedication forever created a first-class basketball team.

## ABOUT US

The Vancouver College Varsity Basketball team went into the 2003-2004 season unranked and unheralded. Without any returning starters, the team's talent and ability were in question.

## JUNIOR VARSITY BASKETBALL

### In retrospect:

Throughout the season the team not only became elite basketball players but also learned the meaning of class and what it means to wear the sacred Irish jersey. After going through league play undefeated the JV's were going to the big party: The Provincials. The boys played their hearts out but at the end of the game the scoreboard showed 57-52 in favour of the opposing team. Hard to take, but next year is another story. The Irish finished the Provincials with a 2-2 record and finishing ninth in BC; a number which did not represent the play of the team. Throughout the season the team amassed a record of 19-7 and have established themselves as a team to be reckoned with next year.

# Power

### Our sport, our pride:

Basketball. I am certain that I can say for all who are on the Grade 9 team that we love this game. We play it, eat it, sleep it, think it, live it... ok, maybe not quite that far, but we sure love the game. We set high standards for ourselves. And we are proud of that. We put long hours into practicing and training, hoping to become the best that we can be on the court. We have worked hard, spending long hours in training. What truly matters is that we have worked together to get to where we are, and that we have tried our best to gain what we have. Basketball is more than a sport to us, and it builds more than muscles on our arms and legs. We developed a sense of team spirit, and we all grow together and individually into men. It is our pride and privilege to wear the uniform of the Fighting Irish.

## Young Guns:

The Grade 8 squad was challenged to bring their best to the hardwood floor. Throughout the duration of the season, each member of the team improved their sense of leadership, responsibility, and determination. These key elements to a successful basketball team were strongly emphasized and pivotal to the realization of a fulfilling season. From hitting the boards for rebounds to cutting through defenders to light up an opponent for 3, these persevering young men were untiring in their efforts and strove to achieve glory in chasing after their goals. The future of Vancouver College Fighting Irish Basketball looks bright!

# Basketball *Grade 5, 6 & 7*

## HOOK SHOT!

Starting from grade five, students begin to appreciate basketball as a sport. From having a basic understanding of the rules to the grueling, nonstop practices, our Fighting Irish Basketball crew has distinguished themselves with determination and diligence. Although some are only 10 years old, they are willing to spend hours to practice dribbling, passing, shooting and rebounding. The coaches of the VC basketball teams would like to extend a huge congratulations to the guys who devoted themselves to this sport and, more importantly, to the team as a whole. Every player is indispensable. All right boys, let's have another scrimmage!

# Volleyball *Grade 5, 6 & 7*

The Elementary School Volleyball teams had competitive seasons this year. There were the younger players who were new to the game, and were only starting to learn the basics of bumping and spiking the volleyball, and then there were the older and more experienced players, who concerned themselves with honing their skills and working together as a cohesive unit. The players also put in a rigid effort, practicing for hours their bumps, volleys, serves, and spikes, but also in keeping the Fighting Irish spirit alive as they encouraged and supported each other throughout all the games. Well done boys!

## Irish Rowing

5 am

5am, and the rowers are already awake. Months of land training have manufactured a motley crew of steel. But it is not until the rowers get out onto the water that they can truly build a team. Determination and perseverance are prerequisites for this program - you can't survive without these qualities. You get what you put in; certainly, the coaching couple of Dereck and Lee Ann Schwandt put loads of work into this program. Out on False Creek, and all other creeks, the Fighting Irish dominate. The rowers are the masters of the high sea - they are a force to be reckoned with.

## Swim Team

The Vancouver College Swim Team consists of Anthony Sy (team captain), Desmond Lam, Inaki Gomez, Dustin Lam, Jaymes Werk, Marc Servais, and Daryn Lam. This team trains long hours throughout the year with their respective swim clubs. However, for only two meets, they all swim together to represent Vancouver College. Two bronze medals were won in the Provincial Championship of this year. Special thanks to resident math teacher Oronzo Nardi, who served as coach.

# Track and Field

W

Wooden discs and solid metal spheres are heaved with accompanying cries and grunts, and spears are whipped through the air, piercing the ground afar. Men charge with great speed, some for long distances and some for shorter ones. Sound like a medieval battle scene? Actually, it's just another day of practice with the Vancouver College Track and Field Team. From throwing the javelin, the hammer, the shot-put, or the discus, to running short and long distances, hurdles, and relays, there was an event for every Irish soldier, of sorts. Short or tall, big or small, fast or slow, advanced or nouveau, the Track and Field Team was comprised of a determined group of multi-skilled athletes who, collectively, exhibited the whole gamut of Fighting Irish talent. The season was a phenomenal one, marked by impressive numbers, outstanding performances, and resounding success. Special thanks to Coach Penn for helping the throwers to reach their potential and for imparting his wisdom of "the object in flight." Also, an enthusiastic thank you to Coach Devenport for working with the short distance running and sprinting squad, and to Coach O'Loughlin for the time he invested into bringing the long distance runners to achieve their full potential.

# Do you have what it takes? Cross Country

Running under the bold leadership of Coach Penn and Br. O'Loughlin, the Vancouver College Cross-Country team had another successful season. Daily practices proved to be challenging for the members of the team, but the fearless runners showed just how strong they can be. Team Captains Kyle Hol and Kevin Baldwinson led the young team to the BC Provincials yet again. Grade 9 student Bosco Kwok placed extremely well in the Provincial Race, and next year, he will lead the squad to the top. The team would like to thank those in the Vancouver College Community for showing their support by attending the weekly zone races.

# Soccer

## *The reawakened spirit*

Soccer is one of the most overlooked sports at Vancouver College. It is a sport that requires determination, grit, skill, and above all else, teamwork. The 03 - 04 season experienced both success and failure. The team was led by several seniors, and had one of its best seasons ever. They placed second in a tournament in which several players were missing due to injuries, and prove themselves with several convincing wins over the course of the season. The team qualified for the playoffs by finishing with a 3-5-3 record, and placing among the top eight. The team season came to an end with a 1-0 double overtime loss in the first round. The team would like to thank the coaches, Mr. Devenport and Mr. McGuire, as well as all of their supporters. The seniors would also like to wish all the best to next year's team, which is to be led by the few returning seniors.

# BADMINTON

Our second laudable season...

After a number of seniors graduated last year, the 2003-4 Vancouver College and Little Flower Academy's 14 player roster was left in want of experience, leadership, and age. However, even with over half the players in grade 9 or lower, the team still fought against their senior adversaries to an undefeated regular season (7-0) before falling in the first round of zone playoffs to provincial title contenders from Prince of Wales.

The early morning practices. The long games. The close ones. The bitter and premature season-ending loss. In the face of all these - semper fidelis.

Sponsor/Coach Kim would like to thank all the players for a good, sustained effort. Thanks are also due to departing manager Walter Siu for his perpetual efficiency, and the players' parents who are the fabric behind our second laudable season.

## — The first Lacrosse team of VC

This year marks the beginning of a new era in College Athletics. The first VC Lacrosse team, organized by Mr. Jim Canil, began its season with a resounding success. # Student Council

The organizers, the leaders of the Thousand

The Vancouver College Student Council aims to assert a student voice in the affairs of the school. Its primary goal is to promote camaraderie amongst the student community and to coordinate school functions, activities, and endeavours for the purpose of maintaining a high level of Irish spirit, pride, and unity. The young men that have defined the Student Council of 2004 have followed in the great tradition of past motivated and exemplary Vancouver College Student Councils. If you have ever sent a candy-o-gram, attended a dance, worn purple and gold for Spirit Week, or gone buck wild at a pep-rally, you have brushed shoulders with the Student Council. The Student Council would like to thank all those who have contributed to Student Council projects and events, but would most of all like to thank the students and the administration for their unwavering support.

This year, the committee has been involved with a number of activities involving the Grads of 2004: VC's first Pre-Grad, Grad golfing, Grad clothing, Grad gift, memento, and other activities. The Grad Committee would like to thank Brother Newman for moderating, the administration for their support, parent volunteers for their help, and last but not least, the Grad Class of 2004 for their cooperation. Congratulations Grads of 2004 and good luck on your future endeavours!

## Letterman

▶ The leaders in our athletic pursuits

The Lettermen's Association is the visual manifestation of Vancouver College's mission to educate the whole person in the tradition of Blessed Edmund Rice. Each member of the Letterman's Association must display dedication, effort and skill on the fields of play, but these qualities do not stand alone among the attributes of a Letterman. Those boys of Vancouver College who proudly don their purple V's on Mondays and Wednesdays have successfully balanced a dedication to athletic achievement with the same rigours of coursework that all students complete. Thanks to Bro O'Loughlin for sponsoring the Letterman.

# Edmundians

►To the service of Vancouver College Community

The Edmundians are "people of spirit and service" who live the Gospel of the Christ, called to serve God and neighbour in Jesus' name. As Christ "brought justice to the poor, restored sight to the blind, proclaimed freedom to captives and announced a year of the Lord's favour" (Luke 4: 18), the Edmundians follow his example of care and justice. In the modern age, Blessed Edmund Rice followed Christ's example too, and he serves as another example of Christ's love. Within the school, the Edmundians are visible with their distinct navy sweaters, often lending a helping hand to other students, staff and parents. During this school year, the Edmundians were involved with Kids Help Phone, the Covenant House Candlelight Vigil for Homeless Kids, and a day of fasting for World Vision. Always giving out of the goodness of their hearts, the Edmundians continue to build and shape the Vancouver College faith and learning community through their actions and words.

## Prayer for Rev-4-Life

Almighty God, giver of all that is good, we thank You for the precious gift of human life:

- for life in the womb, coming from your creative power,
- for the life of children, making us glad with their freshness and promise,
- for the life of young people, hoping for a better world,
- for the life of people who are disabled, teaching us that every life has value,
- for the life of the elderly, witnessing to the ageless values of patience and wisdom.

Like Blessed Mary, may we always say "YES" to your gift. May we defend it and promote it from conception to its natural end. And bring us at last, O Father, to the fullness of eternal life in Jesus Christ, our Lord.

Amen.

# The Voice

*The Student Newspaper*

The Voice is a great chance for VC students to express their opinions and address the rest of the school. The students meet in the library computer lab to discuss their ideas and write them out. They create about six papers a year and are distributed outside the school and in the cafeteria. Not only is it grade 12 students who write articles, but middle school students have a chance to display their opinions as well. School news, events, music and movie reviews are just samples of what you can find in the Voice. Mr. Randy Duggan teaches the class appropriate questionnaire methods and proper researching techniques.

The Voice is a way for students to output their ideas and allow other students to read them.

Passing through the end of Blessed Edmund Rice building, various sounds emanate from the third floor. As you climb the three flights of stairs, the sound becomes louder. Mr. Larry Olsen directs a number of bands, with students ranging from grade 7-12. Starting from the grade 7 band to the experienced Senior Stage band, every student has a chance to broaden their knowledge of

music. Every year the VC band program holds a Christmas concert and a spring concert to display their talents. VC bands also provide entertainment at our yearly Mayfair. The band program also participates in competitions and travels to various places such as Calgary, Whistler and Kelowna. A myriad of instruments are at your selection, with the VC band there is no boundaries to what you can do.

# HOMEWORK CLUB

We're here to help!

## PEER TUTORING

Often students pick up where teachers leave off

Meeting on Mondays, Tuesdays, and Wednesdays after school, the Peer Tutoring Club aids students with their difficult schoolwork. Enthusiastic tutors with a desire to teach help their tutees conquer many school-related obstacles. In an atmosphere of patience, cooperation, and understanding, the club provides one on one personal assistance from experienced seniors armed with brimming knowledge. The qualified seniors work with younger students helping them with homework, test preparation, and overall mastery of the material. The tutors find it extremely rewarding and fulfilling while the tutees find the help they need to succeed in school.

# Environment Club

REDUCE! - REUSE! - RECYCLE!

Once again, the Environment Club has had a successful year of paper and beverage container recycling at VC. We have gone on many field trips including visiting the Wildlife Refuge on Grouse Mountain in the fall, and the Vancouver Aquarium in January. The final trip of the year will be sea kayaking out of Deep Cove. Recently, a weather station was set up near the playground with thermometers, a barometer and a hydrometer inside. VC is now one of the schools reporting to Environment Canada with local weather information. Throughout the year the boys have had a great time helping their Vancouver College community, and are looking forward to next year.

## *Grade 7 Outdoor Education*

Photos from '03 Camp

### *An exhilarating expedition...*

This year's Grade Seven Outdoor Education took place at the Westcoast Wilderness Lodge, at the end of October 2003. Many students thought of the days spent there as an exhilarating expedition. They had plenty of fun in doing new and challenging activities such as kayaking and archery. Strangers became friends, and friends became brothers throughout the days of the expedition. Much thanks to Grade Seven teachers Mrs. Kate Otnad and Mr. Jon Tagulao.

*Good times... Fun times...*

# Physics Olympics

►Engineers and scientists of the future.

In the Quizzics, after a fierce struggle with other top schools of BC, VC achieved a sixth place finish. Secondly, in the Descrambler, an event in which the team designed and constructed a structure out of paper, toothpick, and glue that is used to protect an egg from a falling mass, the team attained a surprising victory. Despite inconsistencies during test trials, the team won second place out of all the schools in BC.

## STRINGS

►Immersed in the beauty of the sciences.

The inauguration of the new VC String Society marks a new era in college life. STRING Society becomes the first official club dedicated solely and completely to science. The acronym STRING stands for Science, Technology, Research, Innovation, and Neo-Growth. The word String comes from Superstring theory, the new theory of the universe which may unlock even more secrets after Relativity and Quantum Mechanics. STRING Society seeks to be at the forefront of all scientific activity at Vancouver College, instilling a sense of wonder at the majestic universe in which we exist.

# Speech and Debate Club

► Argue. Defend. Justify. Support.

Led by Mrs. Donna Ameeralli, the Middle School Speech and Debate Club learns the skills necessary to become effective orators. Learning how to formulate logical arguments and defending them with ease and poise is the centerpiece of the Speech and Debate Club. The team participates in various debates throughout the Lower Mainland. But more importantly, the club teaches its members the art of public speaking. In the post-modern world, the ability to communicate well is not a luxury - it is a necessity.

## Games Club

► Life in school isn't always just work.

For all students in Grades 1-6 who enjoy playing board games and card games, they are welcome to join the Elementary School Games Club. The Games Club gathers in the Grade One and Kindergarten classrooms. Members can bring games from home, or play games that the Games Club offers. It is a great chance for members to practice taking turns in playing together, to learn math skills and to engage in problem solving. But the underlying purpose of the Games Club is clear: to have a lot of fun! Thank you to teacher sponsor Miss Marcotte.

I can win this round of Yu-Gi-Oh!

# Religious

# Retreats

## Gr. 11 Retrea

Coming together in mystery for the first ever Grade 11 retreat, we were able to experience unity and reconciliation. The disparity amongst us began to disappear as the retreat continued, and we experienced unity through our common stories of joy, sadness, disbelief and peace. We could be ourselves in this unknown environment; we could be reconciled with the true person we are. We experienced each others' stories, and were able to experience the presence of their true self. The aim of the retreat was certainly achieved: unity and reconciliation.

## Encounter

The Encounter Retreat is an encounter with a thousand stories. We are all the prodigal children of God, and in the sacred moment that Encounter is, we find that we all share in the human story of failure and redemption. We are broken and marginalized, but through the Encounter we experience hope and healing. It is our experience of the Paschal Mystery as the weekend culminates in Eucharist. It is this mystery that gives meaning to our stories and gives purpose to our lives. We truly experience the Presence of the Christ who is God in our encounter with ourselves and with each other. With our openness to a thousand stories, we are able to live the Encounter in our daily lives.

## God Is An Experience

Along the path of life and love  
At where the two roads meet,  
I found a place of peace and grace  
My heart and soul complete.

And in this room I shared my thoughts  
My past and all my fears,  
And though I promised I never would  
I was brought to tears.

As I lie here and watch all of you  
I thank God for all my friends.  
Your trust and strength and the knowledge that  
You'll be with me till the end.

It's not easy to have courage,  
To speak and "let it loose"  
But you'll feel better when you leave this place  
As long as you told the truth.

A weekend lost was a weekend found,  
It was better than a dream.  
And I deeply thank everyone,  
Especially the Encounter Team.

A love is everlasting,  
I've learned a friendship is always true,  
And I've seen what I must achieve in life,  
And the changes I must do.

Thanks to this experience,  
I once again feel whole,  
I've been fulfilled in every part of me,  
My life, and love, and soul.

A wonderful teacher, a loving friend,  
A crying adult by your side,  
Showed that inside each of us  
There is nothing there to hide.

Showing your truths, beliefs, and faiths,  
Is the only way to be,  
And by displaying each of these things  
You'll live eternally.

## Mothers having fun!

Being a Thirteen Year Man, I was summoned to serve at the annual Mother's Coffee Party. Dressed to the nines for the occasion, I was completely decked out in a white dress shirt, purple bowtie and cummerbund, white gloves, black dress pants, and black dress shoes. For the reason that I am at the service of so many honourable mothers, I willingly allowed frenzies of highly respected women to swarm the sushi, sandwiches, and potstickers that I presented to them. As they ate to their delight, the mothers socialized with other fellow mothers, tried their luck at the silent auction, and enjoyed the cherubic entertainment. Despite the fact that I was thoroughly tired by the end of the day, I took pleasure in being at the disposal of the mothers.

# Grads n Dads

### Grads, Dads AND THEIR STORIES

Though quiet at school, Jamie has always been a talker at home. One of his first words was "Peter", his dad's name.

His parents were so proud. However, when he screamed "Peter" at his mother one day,

she realized that Jamie thought that "Peter" was something you yelled out whenever you wanted someone's attention. Now, where would he have gotten an idea like that?

The Fifth Commandment requires us to honour our parents. While our mothers are the objects of much love and affection, sometimes our fathers are overlooked. The Grads of 2004, in the continuation of a Vancouver College tradition, gathered in the fall for a Grads and Dads dinner. Pictures were taken and speeches were given, but the true focus of the event was on the individual relationship between each Grad and his Dad. Fathers and sons alike were grateful for the opportunity to share a meal among men.

I was given the opportunity to address the group on behalf of the Grads of 2004. I had thought that it might be difficult for me to describe my relationship with my dad; however, I was able to recall some of the experiences that we have shared throughout my seventeen years as evidence of our mutual love. I also related some tales of the relationships between individual fathers and their sons. My dad responded with a speech about a father's love for his son. These speeches, as well as the atmosphere of the entire event, brought me closer to my dad. I know that the feelings of the other Grads and Dads were similar, and that this VC institution was a resounding success.

## CELEBRATING RELATIONSHIP WITH FATHERS

### Iker Gomez-Goroztieta and his father

They were born in a country with a unique tradition, Mexico. Their grandparents had moved from the Old Continent, crossing the Atlantic and settling down in a land full of promises and opportunities. Never losing their pride and love for Spain, they worked hard and raised their families in this new country learning to love it deeply, but never forgetting where they were coming from.

They were blessed with this opportunity, but for some members of these families things had changed; the journey that once had started in the Vasc region at the North of Spain had not finished yet. For those members it was time to start their search again, they looked North and, with the same determination and hope that once motivated their ancestors to cross the Atlantic, they came to Canada. Proud of their past and eager for opportunities, they embraced the new Country with pride and excitement.

It had been a long journey. It has not been an easy one but it had been worth it. They found what they were looking for, a Land where they could learn, love and share; a place that they really could call home.

### Mitch Blaschuk and his father

Mitch was a character - he was born to be everyone's favourite child! The smile on his face in the photo was just so typical of him. He wasn't what anyone would refer to as a quiet child - he wasn't any trouble either - he just always had that smile on his face, like he was happy to see everyone that he met. He brightened everyone's day just by being himself. (I told him that's why we called him "son"...) He pretty much led a charmed life because he was so damn cute! Some things will never change. We used to spend our weekends out and about, all over Richmond and the city. Mitch went everywhere in the old family car. Stanley Park, the Aquarium, Science World, the docks in Steveston every weekend, family memberships everywhere because we were there so often. And everywhere we went Mitch always had the best seat in the house. We still get out and about, but thankfully the carrier is still a thing of the past - Luckily, the smile on his face is not.

# Walk-a-thon

It was that time of the year again! The sun was causing the morning dew to steam off of the blades of grass that covered the football field, and Vancouver College students donned their sneakers to circumnavigate the track or to footslog the sidewalks of Queen Elizabeth Park. The elementary school students buddied up with a daunting senior, and after doing a few laps around the track, realized that their colossal companions were just like them (only that three of their strides were equivalent to a single big person stride). The other grades enjoyed a brisk, several kilometer walk as they trekked through the forest landscape of the park. When all was said and done (and walked), everyone gathered in the cafeteria to receive a hotdog and a drink. Some ate two, some ate three, some ate four and more - and then there were some who just ate one and that was just enough. Indeed it was another bright rendition of the Fighting Irish spirit.

*I can't believe we made it this far*

Thirteen years. That's a long time. In fact, that's over 70% of our lives so far. Vancouver College has played such a large role in our lives, as we have spent probably more time at the school than we have in our own homes. Although things have changed and the eleven of us have strayed apart from each other since our joyful times in elementary, we've always had a quiet respect for one another when we see each other in the hallways. The Irish spirit will live in us forever; Vancouver College will always be our school.

# Religious Retreats

## Gr. 11 Retreat

Coming together in mystery for the first ever Grade 11 retreat we were able to experience unity and reconciliation. The disparity amongst us began to disappear as the retreat continued, and we experienced unity through our common stories of joy, sadness, disbelief and peace. We could be ourselves in this unknown environment; we could be reconciled with the true person we are. We experienced each others' stories, and were able to experience the presence of their true self. The aim of the retreat was certainly achieved: unity and reconciliation.

## Encounter

The Encounter Retreat is an encounter with a thousand stories. We are all the prodigal children of God, and in the sacred moment that Encounter is, we find that we all share in the human story of failure and redemption. We are broken and marginalized, but through the Encounter we experience hope and healing. It is our experience of the Paschal Mystery as the weekend culminates in Eucharist. It is this mystery that gives meaning to our stories and gives purpose to our lives. We truly experience the Presence of the Christ who is God in our encounter with ourselves and with each other. With our openness to a thousand stories, we are able to live the Encounter in our daily lives.

### God Is An Experience

Along the path of life and love  
At where the two roads meet,  
I found a place of peace and grace  
My heart and soul complete.

And in this room I shared my thoughts  
My past and all my fears,  
And though I promised I never would  
I was brought to tears.

As I lie here and watch all of you  
I thank God for all my friends.  
Your trust and strength and the knowledge that  
You'll be with me till the end.

It's not easy to have courage,  
To speak and "let it loose"  
But you'll feel better when you leave this place  
As long as you told the truth.

A weekend lost was a weekend found,  
It was better than a dream,  
And I deeply thank everyone,  
Especially the Encounter Team.

A love is everlasting,  
I've learned a friendship is always true,  
And I've seen what I must achieve in life  
And the changes I must do.

Thanks to this experience,  
I once again feel whole.  
I've been fulfilled in every part of me,  
My life, and love, and soul.

A wonderful teacher, a loving friend,  
A crying adult by your side,  
Showed that inside each of us  
There is nothing there to hide.

Showing your truths, beliefs, and faiths,  
Is the only way to be,  
And by displaying each of these things  
You'll live eternally.

# Mayfair

The annual Mayfair at Vancouver College is a testament to an entire year of hard work. Students, parents and teachers come together to prepare for and host this expansive undertaking. Dress Down Days throughout the school year are the primary means for the collection of goods for the Mayfair. From clothing to baked goods or books to sporting goods, it is definitely a community effort towards the success of the Mayfair. The real dedication is shown by those who log endless hours the night before Mayfair, setting up all the rides, booths, displays and decorations. The dawn of Mayfair Saturday is marked with the arrival of people at a school transformed into a fair-ground. Classrooms have been

transformed into stores, where you can buy chemistry textbooks for one dollar. People stroll and browse through the marketplace while children play games and go on the rides. The smells of multiethnic cuisine from the breezeway salivates the mouth. Everyone leaves happily and fulfilled as the massive clean-up begins. Classes are only a day away. The sun sets over the fairgrounds leaving yet another significant memento in the story of Vancouver College.

### Eating Contest

John Currie eats a full orange, for reasons we aren't completely aware of.

### Liturgy

Anthony Aldaba not only sings at our school Masses, but also with his youth group in his home parish.

### Tennis

Peter Sully plays many sports, including tennis, as he is a part of this year's VC/LFA Tennis Team. Here he is seen practising at the Queen Elizabeth courts.

### Pro-Life Club

Jeff Nacar and Don Reyes at the Reverence 4 Life Conference. They are active members of the VC Pro-Life Club.

### Candy-O-Gran

# Extra Curriculars

Many VC Students are members of the Canadian Cadet Corps outside of school.

We would be remiss if we didn't include a football picture in the extra-curricular photos section. Many students from all grades participate in football.

Here, Tim Tejuco speaks at the Reverence 4 Life conference.

## Spirit Week

...and guest appearance by LFA

As the month of October came to a close, the students of Vancouver College celebrated the occasion with countless exciting events. Running from October 27 to 31, the participants of every fall sport were introduced in a Pep Rally. The sweet sounds of noise and confusion were mixed with motivating, traditional school cheers. During the 'Honour and Glory' food eating contests, daring and hungry representatives from each homeroom in middle and senior school ate crackers and attempted to whistle, ate lollipops, and dove

into immense plates of sinful chocolate pudding and whipped cream without the aid of their hands. By donating a dollar to the Missions, students were given chances to dunk an Administrator or a Coach in the Dunk Tank. Students flaunted their school spirit by adorning themselves with clothing associated with the colours purple and gold. In the gym at Middle and Senior School lunch, members of the staff and the students played a dynamic game of Nerf football. In the end, the week culminated with a massive Pep Rally with a special guest Ms. DeFredis, Principal of LFA.

# The biggest, the best VC Dances

Everyone needs time to unwind from a busy week of homework and study. These social events gather VC students and various guests under one roof. VC dances are a great chance to let loose and forget of all of life's troubles in a 4-hour period. Friends gather in the darkened gym, only to be lit by colorful lights and lasers. As music fills the ears of the youth, they begin to move their feet and shake their hips to the beat. Students get lost in the sea of strangers, meeting new people, becoming reacquainted with others. By the end of the night, everyone feels the euphoria of VC dances, a perfect way to spend the night with friends.

# Christmas Concert

## Melody, Harmony & Counterpoint...

The Christmas Band Concerts are a yearly tradition at Vancouver College. This year's set of concerts also included excellent vocal performances from the newly formed VC/LFA choir. Of course, the orchestral performances of all the bands were certainly unmatched. The evening concluded with a brilliant joint performance from the Choir and Senior Concert Band. The performances of the evening were certainly pleasing to the ear, with beautiful melody, harmony and counterpoint. The applause of the audience contributed to the success of the evening.

## *Mass & Services*

Mass - we enter into the greatest and truest story of our lives. We enter into the Passion of the Christ, and experience the joy and life of His Resurrection. This is our redemption.

■ "You are my friends. No greater love has a man than to lay down his life for his friends."

■ "I am the bread of life. He who comes to me shall not hunger. He who believes in me shall not die. No one can come to me, unless the father calls him."

■ "This is my body, which is given up for you. This my blood of the covenant, which is shed for you for the forgiveness of sins. Do this in memory of me."

# A Night to Remember *Pre-Grad 2004*

The first annual VC Pregrad was a definite success thanks to the tireless efforts of Grad Committee members Jamie Bull and Ryan Leo. Saturday, March 27 was certainly a lovely evening, with the MV Harbour Princess taking over seventy couples for a cruise around the Vancouver Harbour. Most danced the night away on the main deck of the ship, fully equipped with a professional DJ. Others spent some time on the outdoor deck beneath the moonlight — a romantic sensation of being alone in the universe. There were food and drinks, and plenty of spaces to hang out and socialize. It was an evening enjoyed by all who attended.

## Arts Senior Editor Rob C Nisperos

I cannot believe this STUFF! Working on the yearbook stuff as a senior editor has been crazy. Drawing for it has been even crazier. Getting to witness the talents of some of the school's other artists has been fun and interesting. Stephan Ameeroli, Jacob Dueckmon, Jonathon Cannon-Rodriguez, Joe Sontos, and Greg Aarons are among some of the greats. Although I'm pretty much just an "art guy", the memories that will last are the ones with my fellow staff members. Who can forget those few crazy days and nights in Victoria? Some of us were frontin', some of us were chillin', and some of us were just being weird with cameras (Ryon, you're sick). Then, of course, were the great ferry rides and the aftermath of breakfast. I'll never forget those extra hours after school. Cropping pictures and editing the layouts were pretty hard, but you guys made it cool. Ordering pizzas, dodging security, blowing off steam with some basketball... good times y'all. By the way, GO TEAM PHILIPPINES! Earl: "I BELIEVE!" Ryon: why don't you believe in me? Carlos: you tried WAY too hard. Zone: it was YOUR idea. Lon: I was just frontin'. A lot of stuff went down, while we busted our chumps trying to make this yearbook possible, but many things helped us through the process. I just want to thank Mrs. McKnight for her dedication to this great cause, and letting the guys and I do our thing and create something real. I also want to thank my parents for having to pick me up from school on those late nights. I also thank my friends. I don't know what they did, or why I'm thanking them, but it feels good. Finally, I, again, just want to give props to my fellow yearbook staff members. You guys are crazy, but in a good way. I've only known most of you for a short time, but I know from what I've seen, you guys are great. Well, that's all from me. I had some fun and I had a good laugh, but now I must part from my yearbook staff (yeah!)

To the crew: "We ride together. We die together. Bad boys for life." --- Mike Lowrey (I'll never be sick of this movie)

Finally to those guys who went to Victoria: "She looked at me!"

Peace out, Boys!

## Copy Senior Editor Zane Chu

Can we order pizza? I like pizza. We must have pizza. Strange enough, I never actually phoned Domino's myself to order pizza. However, I have learned that McDonalds three times a day keeps the doctor away. By reading this editor's note, you should be questioning my sanity. Another wise man once questioned my sanity. Moth guru Mr. Oronzo Enzo Nordi believes that I am a clone from the future. Working on such a colossal project as the Yearbook tends to make an individual go insane. I have often found myself asking the existential question: Why am I here? But to answer the question, I have learned that I am here to continue a tradition that this community, which has given me so much, values and loves. I use this media to express our realities, our dreams, our hopes and our thousand stories.

Before I get too carried away in my insanity, I wish to express my appreciation to a multitude of individuals who contributed to the completion of the Yearbook Copy. To Mrs. Jenny McKnight, for selecting me to be the Senior Copy Editor, for her outstanding dedication and for keeping all of us on task. To the team of Senior Editors: Lon Wong for reminding me of the deadlines, Ryan Leo for the never ending photos, and Conrad "it ends tonight" Nisperos (no, it was YOUR idea!!!). I had a great time in Victoria! To the Copy Editors, I thank you all for your written interpretations of life at VC: Andy "chemgod" Lee, Kevin "on the bottom level" Wong, Tim Tejuco, Dan Biegler and King Kebz Boldwinson. To two Brothers: Br. Justin Newman for philosophical insights on "One Thousand Stories" and Br. Peter O'Loughlin for proofreading the copy and teaching me English. To my other English teachers, thank you for helping me to write right: Mrs. Anne Field, Mr. Brian Devenport, Mr. Jim Bell and Mr. Joe Burke. (Yes, I am aware that this paragraph has consisted entirely of sentence fragments!). Oh yes, and Mrs. Frances George for opening this room so I could get this editor's

note done and for teaching me to "throw away the evidence." Finally I thank the God of the journey, my wonderful and supportive parents, and all of my friends.

Well, the Yearbook may or may not be done. I think I put the last of the Copy in one night - the night when Ryon's feet smelled. See you all tomorrow! I close my ramblings with a quotation: "The woods are lovely, dark, and deep / But I have promises to keep / And miles to go before I sleep / And miles to go before I sleep." - Robert Frost

# Collegian Crew 04

Didn't expect your yearbook to turn out this way? Neither did I. While I designed these pages, my hands were but the instruments that transcribed, partially, the thousand stories of VC. As the layout editor, I am the one to blame for the wacky looks of some of these pages. If, however, I have caught your attention on a few pages, or have you taken a second look at them, then I have succeeded. Perhaps these pages are a little too varied, but from my first layout to this last one, I have poured into each my dedication, knowledge and creativity. I sincerely wish that you enjoy reading this yearbook, and it is to the team's greatest pride and joy if you do.

The Collegion crew of the past constantly reminded us of the overbearing workload. Undoubtedly, deadlines constantly creep into my conscience, but I didn't think the workload was as horrible as the perception of it. Even at times of high stress, the thrill of working in a motivated team more than compensated for hardships. I am thankful, all in all, for I am privileged to work with a dedicated bunch: Mrs. McKnight, Conrad, Leo, Zane and my layout crew (Foot, Phil, J. Lom, Gr 11s and everyone else). Most of all, thank you guys for putting up with my oppression! I know I was "slightly" domineering at times. By the way, where's the copy? Did you take the photo yet? How about the title pages? DEADLINE IS TOMORROW!

Collegion 2004 has granted me a genuine chance to not only pay back to a community which I am so indebted to, but also to become more attached to it. Through the scrutiny of a thousand stories (literally), I cannot deny my attachment to each layout and to each piece. I have gotten to know the school better (especially the night scenes of VC) and have spent enough hours in front of the screen to reflect on some of my experiences at VC since my entering in grade 7. Don't worry, I'm not going to make you guys read my life story, but I can say that I am happy I have come to this brotherhood. This yearbook has shown me the fabric of VC which I am woven into – the extra-curricular, the people, and the memories. To family, friends, teachers and mentors, a thousand thank you's would not be enough to express my gratitude. I am truly blessed.

In retrospect, it was fun. (Yes, my brain still functions) For future crew members: why, you may ask, would I want to do yearbook in the first place? Because it's a challenge. For future layout guys: the road less taken is preferable. Creativity and commitment are paramount.

Ps: Keep in touch everybody!

- Peoce. i.dub out.

The year is finally over! It took countless hours gathering all the photos to make this yearbook. As photographers, we took candid shots of every grade, went to different school events and sporting events, and took group shots of varying clubs and organizations within the school. I'd like to thank all of my photographers, particularly Carlos McCallister, Alex Huang, and Earl Alikpala for putting so much time and effort to the photography department as well as to the rest of the yearbook. I'd also like to thank Mrs. McKnight for being so dedicated to the yearbook team in addition to taking on the role of athletic director and teaching religion and art classes; she is the unsung hero of the yearbook team! There have been many memories in creating this yearbook. As a team we've stayed until midnight at times to meet our deadlines. We also had the chance to meet our school's unnoticed staff.

This year has perhaps gone by too fast. I'll miss the football practices, games, team dinners, Time Cycle and team parties (thank you Mr. & Mrs. Bennett, Koz, Rick, Roons, other coaches, teammates, DB's, and fans!). Keep the DB traditions alive! I'll also miss the VC-Saints basketball games – even if we don't always win on the court, our multitude of fans armed with our roaring chants will ALWAYS defeat the cluster of Saints fans and their cowardly whispers! I'll miss Encounter 38/39 and my group. I'll miss organizing our first and successful Pre-Grad with Jamie Bull on a cruise. I'll miss my 'last' days of high school – my 'last' winter/spring break, my last walk-a-thon, last pep rally, last class, last exam, last day with some grads, etc... Finally, I'll miss the close-knit community of VC.

Thanks to family (mom, dad, Desi, Julia), friends (particularly my best friends since elementary: Peter, Carlos, Terence, and Earl), teachers, principals, coaches, teammates, DB's, Time Cycle, security guards and yearbookmates for their dedicated support throughout my long stay at VC. Yes, I've taken advantage of my Editor's note and used it as an extension to my Grad Write-up, but nonetheless, I've had a great year and I look forward to the rest of life! Good luck to Grads of 2004 and to the future of Vancouver College. To the rest of the school, keep the VC traditions and spirit alive (or strengthen them), get back that Archbishop's Cup and keep it here where it belongs, beat Saints in basketball and rowing, and cherish your stay at VC! Semper Fidelis and Good-bye!
